Discussion was held, final decision not made; March - ASSP Student Association Speaking. Cook noted this has been successful the last two years; April - Tour Daniel Maiden's Facility is scheduled. Cook noted this is on the website; May - SPA Homes Plant Tour is a placeholder with Carolina Power an option.

**Treasurer, Aric** – Did not attend.

**Awards and Honors, Bryce** – low attendance is a challenge nationwide. Shared some ideas about how we should/can create value to gain participation - having good speakers with the most relevant content can help. Hosting a full or ½ day PDC next year. Shared we should be willing to innovate/change from what we did in the past, for example consider chang/alter branding to standout. Stated/offered to try to connect with Nick before next meeting to update COMT. Volunteered to help with LinkedIn posts.
